Office of Communications/brochures/2011/M-99 Albion (01/11 CJ)  
285 copies printed @ \$0.08 each for a total cost of \$22.80

## What Is Being Done?

The Michigan Department of Transportation (MDOT) will be replacing the M-99 bridge over the Kalamazoo River in the city of Albion in Calhoun County.

## When Will This Be Done?

Work will begin in early March and is scheduled for completion in November.

## How Will Traffic Be Affected?

Northbound traffic will be detoured from M-99 to eastbound M-60, then westbound I-94 back to M-99.

Southbound traffic will be detoured from M-99 to eastbound I-94, then M-60 west to M-99.

## Long-term Benefits

The new bridge will have an expected 50-year service life and will provide a sidewalk with safety railing to help protect pedestrians.

MDOT's 2011 road and bridge program supports the creation of jobs, growth of the economy, preservation of the environment and the safety and security of the transportation system.
